

**2010
ANCC MAGNET
CONFERENCE
SESSIONS
INDEX**

2010 Conference Sessions
Exemplary Professional Practice Track

1. [Nurse-Driven Bundle: Impacting the Cardiac Rehabilitation Phase II Drop-Out Rate](#)
2. [Professional Model of Care: Patient and Family-Centered Care Enhanced by Schwartz Center Rounds](#)
3. [Implementing Peer Review in the Outpatient Setting: Can it Really Be Done Successfully?](#)
4. [Nursing Peer Review: Pathway to Improving Practice](#)
5. [How to Organizationally Embed the Magnet Culture](#)
6. [Responding to Disaster: Mobilizing Healthcare to Meet Emerging Community Needs](#)
7. [Quality Caring Nursing Model: The Journey to Selection and Implementation](#)
8. [Open to the Public: Addressing Opportunities of Trans-Cultural Nursing](#)
9. [Emergency Department Treatment Protocol: A Plan to Decrease Inappropriate Use of Emergency Resources](#)
10. [What is a Caring Advocate?](#)
11. [Empowering Nurses with an APRN-Led Pain Management Consult Service](#)
12. [Acting with Intention to Transform the Work Environment: A CNS-Led Interdisciplinary Project](#)
13. [Empowering Nurses: Improving Financial Performance without Compromising Employee and Patient Satisfaction](#)
14. [Maka's Story: Bringing International Healthcare to our Hometown](#)
15. [What Doctors Think; What Nurses Think: Is there a difference in Magnet Hospitals?](#)
16. [Improving Patient and Nurse Satisfaction through Professional Practice and Care Delivery Redesign](#)
17. [Raising the Bar on Structural Empowerment - Creating a Culture of Lateral Accountability](#)
18. [Raise the Bar and Lower the Temperature with Therapeutic Hypothermia](#)
19. [The Cost of Nurse-Sensitive Adverse Events](#)

20. [Needle in a Haystack: Threading a Professional Nurse Practice Model throughout New Graduate Orientation](#)
21. [Nursing Excellence through Positive, Affirming Peer Review](#)
22. [Planning Strategically to Improve Patient Satisfaction](#)

2010 Conference Sessions
Structural Empowerment Track

1. [Bridging the Gap between Clinical Ladder Culture and the New Magnet Model](#)
2. [How to Blow Up a Council Structure and Begin Again: A Success Story](#)
3. [Leading from the Middle: Where Influence and Change Take Place](#)
4. [To Excellence and Beyond: Successful Employee Engagement](#)
5. [A Successful Collaborative Strategy for the Development of Care Delivery Models](#)
6. [Prescription for Health through Education](#)
7. [Building Collaborative Research Partnerships to Improve Urban Women's Health](#)
8. [Inter-Professional Education Initiative: Enhancing Collaborative Medical and Nursing Practice](#)
9. [The Idaho Model: Implementing a Dedicated Education Unit](#)
10. [Developing the Resource Nurse Role](#)
11. [Healthy Work Environment as Perceived by Nurses in a Rural Setting](#)
12. [Sustaining a Magnet Culture: A Recognition Program for Enhancing Staff Engagement](#)
13. [Harmony, Wellbeing, and the Circle](#)
14. [Keeping Masters Prepared Nurses at the Bedside: A Feasibility Study](#)
15. [A Tip a Minute: 50 Action Items to Make Your Shared Governance Model Tip-Top](#)
16. [Sustaining Magnet Culture: Staff Empowered Peer Evaluation](#)
17. [Professional Nurse Development: A Critical to Quality Approach](#)
18. [Reframing the Picture of Nursing Quality in a Pediatric Hospital](#)
19. [Meeting Strategic Goals through Workforce Development](#)
20. [Supporting and Sustaining a Magnet Culture in a Community Hospital](#)
21. [Nurse Fatigue: Implications for Professional Practice and Patient Safety](#)

22. [Effects of RN Residency Program on New Nurses' Perception of Confidence](#)
23. [Implementation of Unit-Based Joint Practice Teams: Cultivate a Partnership to Improve Patient Care](#)
24. [Preventive Ethics: Breaking the Silence in Ethically Challenging Situations](#)
25. [NDNQI Data and Your Magnet Journey](#)

2010 Conference Sessions
**New Knowledge, Innovations,
& Improvements Track**

1. [Impacting Mental Health Emergency Care](#)
2. [Clinical Librarian as EBP Mentor: Advancing Patient Care through Interdisciplinary Collaboration](#)
3. [Impact of Humor on Symptoms of Cancer and Chemotherapy](#)
4. [Enhancing Patient Safety through the Use of a Nurse Fatigue Countermeasures Program](#)
5. [The Perception of Evidence-Based Practice in a Children's Hospital](#)
6. [Just a Click Away: Nursing Research Resources at your Fingertips](#)
7. [Documenting the EOs: Six Success Strategies](#)
8. [The Economic Value of Caring Science](#)
9. [Nurse Driven Innovations to Improve Care of Perioperative Patients](#)
10. [Who Says Research Isn't for Staff Nurses? If They Could See Us Now!](#)
11. [Using Technology to Improve Empirical Outcomes](#)
12. [HELP! Condition H Allows Patients and Families to Access an Emergency Response Team](#)
13. [Improving Pain Management for Children with Cognitive Impairment: An Evidence-Based Practice Project](#)
14. [The Nursing Research Idea Fair: An Innovation to Tap Nurses' Clinical Expertise for Fostering Research](#)
15. [Getting Nurses Back to Patient Care: Nursing Unit Design, Informatics, and Clinical Outcomes](#)
16. [People, Process, and Technology Combined to Assure Reliable Medication Practices](#)
17. [RNs' Perception: The Effect of RN/MD Communication on Patient Safety in Labor and Delivery](#)
18. [Developing an Innovation Unit and Evaluating Outcomes](#)
19. [Matching Methods to Research Questions](#)

20. [Second Life®: Why Bold Leaders Use It for Healthcare Learning](#)
21. [Building a Tiered Mentorship Program at Your Magnet Hospital: Perils and Pitfalls](#)
22. [Bridging the Research Practice Divide: Creating a Model to Promote Academic and Community Hospital Partnerships](#)
23. [Implementing Peer Review: A Magnet Approach to Effective Performance Appraisal](#)
24. [Driving High Performance Nursing Care through Work Culture Improvement](#)
25. [Comparing and Contrasting Nursing Research, Evidence-Based Practice, and Quality Improvement](#)
26. [The 5 - Rs of Psychiatric Care in the Acute Care Hospital](#)
27. [Generating New Knowledge through Nursing Research: What You Didn't Learn in Nursing School](#)
28. [A Magnet Center's Approach to Improving Cardiac Surgery Outcomes](#)
29. [Considering the Patient Point of View on Hand Hygiene: Implications for Nursing](#)
30. [Integrating Evidence into Systems: Strategies at the Point of Care](#)
31. [Conducting Nursing Research to Achieve Quality Care: Collaboration a Key Ingredient for Success](#)

2010 Conference Sessions
Transformational Leadership Track

1. [Clinical Microsystems: A New Framework for Improvements in Patient Care and Service Strategies](#)
2. [Impact of an APN-Driven Leadership Model as a Compliance Solution Initiative in Quality Management](#)
3. [Effect of a Structured Program: Reigniting the Spirit of Caring](#)
4. [Filling Big Shoes: The Journey of a New CNO](#)
5. [Courage at the Forefront: Leadership Strategies to Create and Strategically Sustain a Culture of Excellence](#)
6. [The Audacity of CARING - Creating a CARING Environment in Nursing Practice](#)
7. [Preventing Denials: Nursing and Finance Partner to Achieve Best Practice in the Authorization and Payment](#)
8. [A Nursing Compensation Model that Fosters Professionalism](#)
9. [Tales from the Crib: A Unit Council Story](#)
10. [Transformational Leadership through Evidence-Based Practice](#)
11. [Rediscovering the Spirit of Leadership](#)
12. [The Transformation from Original Designation through the Re-designation Process Using the '08 Model](#)
13. [The Transformational Practice of Strategic Value Leadership](#)
14. [From Toxic to Top Notch: How to Transform a Unit](#)
15. [Secrets Lead to Mistakes: Establishing a Culture of Safety through Transparency](#)

16. [Sometimes We Make Mistakes](#)
17. [Leadership: Everyone, Everywhere, Every Time](#)
18. [Developing Transformational Leaders through a Multi-Faceted Leadership Development Program for Nurse Managers](#)
19. [Successful Interventions with Disruptive Physicians](#)
20. [Magnet Culture, Outcomes, and Re-Designation](#)
21. [Taking it Up a Notch: Outperforming the Magnet Mean on the NDNQI RN Survey](#)
22. [Let's get Legislative: Staff Nurses Speak Out](#)
23. [Care at the Peak: Managing H1N1 Pandemic](#)
24. [Cost Benefit Analysis of a Community Hospital-Based, Doctoral-Prepared Nurse Researcher](#)
25. [Creating and Sustaining a Culture of Excellence: The Evolving Leaders Program](#)
26. [Maneuvering the New Magnet Model: The Re-Designation Journey](#)
27. [An Academic Service Partnership for Building Research and Evidence-Based Practice](#)
28. [Partners in Caring: An Interpretive Context for International Nurses in a Magnet Environment](#)
29. [Magnet Programs Directors: Telling It Like It Is](#)
30. [Leading the Way to Successful Electronic Medical Record Implementation and Beyond!](#)

2010 Conference Sessions
General Sessions

1. [Magnet®: The Next Generation \(Content not released\)](#)
2. [2010 Magnet Prize® Winners \(Content free for Conference attendees\)](#)
3. [Magnet Celebration \(Content free for Conference attendees\)](#)
4. [Reinventing the Body, Resurrecting the Soul \(Content not released\)](#)
5. [A Professional Nursing Model for Transformation of Self and System \(Content free for Conference attendees\)](#)

2010 Conference Sessions
Posters Track

[Accountability, Competency, and Autonomy via the Peer Review Process: The Peer Mediator Role](#)

[Recognition of Anxiety and Depression in High-Risk Pregnant Hospitalized Women](#)

[Skin is P2RIME](#)

[Fostering Nursing Workforce Innovation: Expediting OB Patient Throughput, Decreasing LOS, and Optimizing Hidden Bed Capacity](#)

[Advancing Clinical Preceptors through the Use of High Fidelity Simulation](#)

[Nurses Working with Hospital Board Members to Improve Emergency Department Patient Satisfaction](#)

[Chest Pain Center-Emergency Department Nurse Liaison](#)

[Manager Leadership, Nursing Workforce Satisfaction, and Patient Outcomes: From Quality Improvement Initiative to Exploratory Study](#)

[Fighting Our Way Back: When RN Satisfaction Gets Pounded by Fiscal Realities](#)

[Getting the Word Out: Multiple Communication Modalities](#)

[Creating A New Paradigm in the Delivery of Home Care Services](#)

[Can We Talk? A Model for Disseminating and Exchanging Information with Point-of-Care Staff](#)

[Developing Oncology Care Teams through Application of Operational Excellence Principles](#)

[A Curriculum Designed to Decrease Scholarly Publication Barriers for Staff Nurses in a Community Hospital](#)

[Advancing New Nursing Knowledge: The Development of a Regional EBP and Research Collaborative](#)

[A Compendium of Peer Review Strategies: From Performance Evaluation to Quality Investigation](#)

[Secondary Stroke Prevention through Patient Engagement in Health Promotion](#)

[CAPEd Crusaders: Education on the Weekends](#)

[Getting Out of the Choke Hold: Our Ongoing Journey to Conquer Violence](#)

[Implementation of the Productive Ward Project in a Tertiary Hospital](#)

[Resource Nurse Models of Care: An Organizational Strategy to Improve Nurse Expertise and Patient Outcomes](#)

[Making Connections between Multiple Data Sources to Improve Nurse Satisfaction and Retention](#)

[Maintaining Patency with Blood Infusions: Comparison of IV Normal Saline Infusion vs. Syringe Method](#)

[Benefits of Nursing Student Interaction with a Foster Grandparent Program](#)

[Living Successfully with Heart Failure: Bedside Nurses Promote Self-Care to Prevent Readmissions](#)

[Acuity-Adaptable Care Delivery: An Emerging Care Delivery Model](#)

[Nursing Leadership and Union Leadership Collaboration to Improve a Clinical Ladder Process](#)

[Leading Change and Overcoming Resistance to Improve Patient Throughput and Staff Satisfaction](#)

[Evaluating Two Methods of Providing Bedside Medication Verification](#)

[Addressing Medication Errors: A Good Catch Initiative for Near Misses](#)

[Caring for Pulmonary Hypertension Patients: Nurse-Driven Care](#)

[Accountable Care: Making Data Actionable to Improve Patient Safety](#)

[Magnet Outcomes Detectives \(MOD\) SQUAD: Fun Ways to Engage Staff Nurses with the Magnet](#)

[A Model for Determining Evidence for Best Practice](#)

[A Multidisciplinary, Multi-Departmental Approach to Achieving Health Outcomes for Pressure Ulcers](#)

[From Competition to Collaboration: Development of a Community-Wide Nursing Evidence-Based Practice Fellowship](#)

[Transforming Care through a Multidisciplinary Approach](#)

[Growing Your Own CNS](#)

[Understanding Fall Risk from the Medical-Surgical Patients Perspective: A Qualitative Study](#)

[Reported Sleep Health and Viral Respiratory Illness in Nurses: A Collaborative Study](#)

[Meshing a Nursing Care Model and the Magnet Recognition Program Model](#)

[Enhancing the Recovery of a Stroke Survivor: Bridging the Gap in the Community](#)

[The Relationship between Ventilator Bundle Compliance and Ventilator-Associated Pneumonia](#)

[The Executive Nursing Leadership Journal Club](#)

[Early Recognition and Treatment of Sepsis Utilizing a Nurse Practitioner Driven Protocol](#)

[Nursing Practice Congress: Strengthening Interdisciplinary Shared Governance](#)

[Injury Prevention via Minimal Lift Enculturation](#)

[How Does information Reach the Direct Care Nurse? Communication Paths in a Healthcare Organization](#)

[Decreasing Surgical Site Infection Rates in a Surgical Trauma ICU Using Pre-Packaged Bath Products](#)

[Data Analysis: The Muscle behind an Interdisciplinary Approach to Improving Safety for Joint Replacement Patients](#)

[Simulation to the Rescue: Developing Staff for a New Ambulatory Emergency Care Center](#)

[C.A.R.E.S Peer Review: Nurse Accountability for Nurse Sensitive Patient Outcomes](#)

[Innovations, Improvement, and Knowledge Acquisition in a Magnet Hospital](#)

[Increasing Professional Nursing Certification: Breaking down Barriers and Raising up Nursing](#)

[Reduction of Heart Failure Readmission Rates in Patients Discharged to Skilled Nursing Facilities](#)

[A Contemporary Framework for Clinical Nurse Specialist Practice](#)

[To Float or Not to Float - An Innovative Approach for a New Graduate Residency](#)

[A System-Wide Approach to Development of Evidence-Based Practice Mentors](#)

[BSI... a NEVER EVENT in the ICU](#)

[Emergency Department Operational Improvement through the Development of High Performing Work Teams](#)

[Using Nurse-Driven Protocols to Effectively Manage Electrolyte Imbalance and Stress Hyperglycemia in Critically Ill Patients](#)

[Mentoring BSN Nurses to Bridge the Clinical Faculty Gap](#)

[Decreasing Catheter-Associated Blood Stream Infections: Nurses to the Rescue](#)

[Incident Based Peer Review and Innovation: Perfect Together](#)

[Improving Front-End Emergency Department Flow: What Do We Know?](#)

[A Treasure Map Guide to Establishing a Successful Nursing Research Program](#)

[Reposition 'Em Continuum](#)

[A Multidisciplinary Approach to the Review of Physician Requests for New Services](#)

[Taking the Sting out of Peer Review](#)

[A Nurse-Driven Prescription for Medication Success](#)

[Increasing Diversity in the Nursing Profession: An Initiative that Supports and Sustains a Magnet Culture](#)

[Innovations to Improve End-of-Life Care: Responding to our Patients' Needs](#)

[Impact of Domestic Violence Education on the Practice and Attitudes of Registered Nurses](#)

[Outcomes of Implementing Nursing Case Peer Review: Enhancing Shared Decision-Making, Professional Accountability, and Performance Excellence](#)

[Effectiveness of Surgical Facemasks Versus N-95, Fit-Tested Masks in Preventing N1H1 Transmission in Bedside Nurses](#)

[Reduction in Hospital Acquired MRSA and VRE Infections through Active Surveillance Cultures](#)

[The Development of a Successful Palliative Care Program](#)

[Catheter Related Blood Stream Infections: How Changes in Practice Made the Difference](#)

[Magnet Nurses Take Command to Execute a Successful EMR Go-Live](#)

[Decreasing Patient Handling Injuries: Development of a Safe Movement and Repositioning Team \(S.M.A.R.T.\)](#)

[Advanced Practice Nurses: Champions of Change](#)

[Team Rounding: Preventing Patient Falls on the Oncology Unit](#)

[Decreasing Length of Mechanical Ventilation in Cardiothoracic Surgery Patients: A Nursing Driven Practice Change](#)

[Eliminating Code Blues on General Care Units in a Children's Hospital](#)

[Facebook Faceoff: The Development of a Technology Position Statement](#)

[Stress, Hardiness, and Leadership Style: Factors that Foster Nurse Manager Survival](#)

[A Picture is Worth a Thousand Words: Designing a Professional Practice Model](#)

[APN Peer Review: An Innovative Practice Journey](#)

[Clinical Nurse Leaders: Qualitative Outcomes and Innovations](#)

[Traffic Control: Nursing Practice Calendar](#)

[Mock Court - Examining Hard Questions in a Fun Way](#)

[The Effect of a Structured Discharge Education Plan on Pneumonia Readmission Rates](#)

[Optimizing Intravenous to Oral Conversion of Opioids Improves Safety Outcomes](#)

[Pathways to Professional Growth](#)

[Extreme Make Over: Nursing Orientation](#)

[A Staff Nurse Led Neonatal ICU Therapeutic Hypothermia Care Team](#)

[Effect of a Rapid Intake Initiative on Patient Length of Stay and Patient Satisfaction](#)

[Getting Smart about Getting Old: Positive Outcomes Associated with an Innovative Gerontological Nursing Initiative](#)

[It's a Small World: How Nurse-Led Initiatives Improved Outcomes for the Tiniest of Patients](#)

[The Power of Unit Support in Research Confidence and Use](#)

[Bringing Evidence-Based Practice, Best Practice, and Performance Improvement Data to the Bedside Nurse](#)

[Stretching Resources to Bring Research to the Bedside: Redesigning Research Fellowships](#)

[Innovative Professional Development Series Facilitates Dissemination of Research by Staff Nurses](#)

[An Innovative, Technology-Driven Nursing Orientation Program for Staff Nurses](#)

[Red Light Saves Lives](#)

[Avoiding the Slippery Slopes: Best Practices to Reduce Falls](#)

[Integration of Caritas into Exemplary Nursing Practice](#)

[Improved Patient Outcomes with a Change in Practice for Securing Epidural Catheters](#)

[Debriefing after Simulation: Lessons Learned from an Interdisciplinary Clinical Emergencies Course](#)

[Ask Frequently and Ask Purposefully: Key Questions that Lead to a Healthy Work Environment](#)

[The Relationship between Hyperglycemia in Ischemic Stroke Patients and the NIH Stroke Scale](#)

[Achieving and Sustaining Education Levels](#)

[Keeping Night Shift out of the Dark](#)

[WOWing our Community: Wellness on Wheels](#)

[Addressing Pediatric Clinical Faculty Shortages: An Innovative, Facility-Based Clinical Instructor Program](#)

[Proving the Case for BSN While Valuing the Talent of the ADN and Diploma Nurse](#)

[Falls among Ambulatory Psychiatric Inpatients: Causes and Prevention](#)

[AHRQ Pressure Ulcer Project - One Magnet Site's Skilled Nursing Care Results](#)

[The Value of Succession Planning in Turbulent Times](#)

[Transformational Bedside Care Teams](#)

[Role Transition: Entering and Exiting the Valley of Despair](#)
