“At UP Health System – Marquette, our goal is to deliver the highest quality healthcare available in the Upper Peninsula. We are especially proud of the continued expansion of our medical staff, our status as the region’s single largest employer and our substantial strengthening of the community’s overall tax base.”

UP HEALTH SYSTEM – MARQUETTE has been serving the residents of the Upper Peninsula for more than 100 years. This year we are breaking ground on a new hospital campus facility that should be ready for occupancy by late 2018. This tremendous $300+ million investment is a commitment to the future of the entire region. Here are a few other ways we are making a difference for the entire Upper Peninsula region.

We are committed to ensuring the delivery of needed healthcare to all members of the community, regardless of their ability to pay. Last year, UPHS – Marquette delivered nearly $3 million in services to individuals without the ability to pay for their care.

New physicians
During the past year, UPHS – Marquette added more than 20 new physicians to our highly respected medical staff, including specialists ranging from emergency medicine to primary care. We are especially proud to have added new physician medical directors in programs such as open heart surgery, cancer care and critical care. Other new physician specialty areas include internal medicine, electrophysiology, pediatrics, physical medicine and rehabilitation, cardiology, neurosurgery, orthopedics, and ophthalmology.

Thank you for your support
