UP Health System–Marquette is proud to be a part of Michigan’s Upper Peninsula. As a leader in our community, we strive to provide the highest quality care possible—both inside and outside our hospital walls—and are committed to our region’s overall well-being. By creating places where people choose to come for health care, physicians want to practice and employees want to work, we are creating a legacy of care for today and generations to come. Thank you for supporting our mission of Making Communities Healthier®.

— **Brian Sinotte**, *Market President, UP Health System and CEO, UPHS–Marquette*

In 2018, we...

...added 31 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. Last year, we added providers in a number of specialties, including family medicine, cardiology, orthopedics, oncology and more.

...made more than \$125 million in capital improvements

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s health care needs. Last year’s investments included construction on our brand new facility, new ultrasounds and a PACS system upgrade.

...distributed a payroll of \$143,345,114 to 1,874 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

...donated more than \$1.77 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$7,754,613 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

UPHS Market President Brian Sinotte appeared on The Ryan Report to discuss health care trends and the new UPHS campus.

UPHS staff and their families volunteered at a health fair in Delta County.

Duke LIFEPOINT
HEALTHCARE

Charity and other uncompensated care includes hospital costs not covered by Medicaid reimbursements and supplemental payments, as well as charity care and bad debt. "Physician recruitment costs" include recruitment costs and support of new physicians' initial practice establishment in the community. Payroll includes consolidated salaries, wages, benefits and contract labor costs. "Capital investments" include facility expansions/renovations, equipment purchases, technology replacement, information technology additions/updates, and routine facility upkeep and maintenance. All references to "LifePoint," "LifePoint Health" or the "Company" used in this release refer to subsidiaries of LifePoint Health, Inc.

Duke LifePoint Healthcare, a joint venture of Duke University Health System, Inc. and LifePoint Health, was established to build a dynamic network of hospitals and health care providers. The joint venture, which brings together LifePoint's experience in community-based hospital management and Duke's world-renowned leadership in patient safety and clinical quality systems, is strengthening and improving health care delivery by providing community hospitals the clinical, quality and operational resources they need to grow and prosper.
