Basic Life Support for Healthcare Providers

The BLS for Healthcare Providers Course teaches the skills of CPR for victims of all ages (including ventilation with a barrier device and a bag-mask device), use of an automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO). It is intended for participants who provide health care to patients in a wide variety of settings.

BLS for Healthcare Providers Recertification

The Recertification Course is a renewal program, which is required every two years after the initial course. There is a review, practice of BLS skills, a written examination and a BLS skills evaluation. **A current BLS card (or copy) is required with registration.**

Registration is required. Class size is limited.

Please note: A textbook is included with your fee and is **required reading** for the course. Books are available to be picked up at the Education Office between 8:00 a.m. and 4:30 p.m. **NOTE: Copy of current BLS certification required for recertification course.**

Refunds/Cancellations

Registration is refundable one week prior to the program. A \$20.00 cancellation fee will be charged for notices less than one week or if book is not returned in "like new" condition. Refunds will not be given after the course begins. Marquette General Hospital reserves the right to cancel this program due to limited registrations or severe weather. In such cases, attempts will be made to contact all registrants.
