Comprehensive Assessment for **Weight Management**

Thinking about making the commitment to lose weight?

Have you struggled with weight loss methods?

Start fresh with a wholistic approach.

Baseline Assessment Includes:

- + 3-Day diet history
- + Computerized nutrient analysis
- + Stress assessment
- + Personalized interpretation of results
- + Recommendations for your future

All this for a package price of \$48.

Our weight management assessment is extensive and based on your age, gender and medical needs. We take a multi-disciplinary approach utilizing expertise from doctors, nurses, registered dietitians, psychologists and exercise specialists. Our staff is dedicated to providing medically sound, evidence-based strategies to weight management.
