

Lesson Plan # 1

Length (Time): 4 hrs

Date Created: 2/10/07

Revision Date(s):

Lesson Title: PULMONARY EMBOLI

Created By: GROUP #1

Objectives: At the conclusion of this presentation, students will be able to identify and treat a patient with pulmonary emboli.

Knowledge:

1. Student will be able to list signs and symptoms of pulmonary emboli.
2. Student will be able to describe what a pulmonary emboli is.
3. Student will be able to describe proper treatment for a patient with pulmonary emboli.
4. Student will be able to identify priorities in treatment for a patient with a pulmonary emboli.
5. Student will be able to properly manage a patient with a pulmonary emboli.
6. Student will be able to compare a pulmonary emboli to similar medical conditions.

Affective:

1. The student will participate in class room discussion.
2. The student will share personal experiences with the class.
3. The student will attempt to be on time and present for every class.
4. The student will volunteer for leadership role in class.

5. The student will challenge themselves to a greater understanding of this topic.

Psychomotor:

1. Student will be able to demonstrate proper placement of stethoscope for lung assessment.
2. Student properly assembles appropriate equipment for oxygen therapy, and applies correct oxygen delivery device.
3. student is able to identify lung sounds.
Wheeze, rales, rhonchi, absent, diminished.
4. Student is able to use identified lung sound to verify pulmonary emboli verses other respiratory conditions.
5. Student consistently applies the correct sequence of treatment for Pulmonary emboli.

Content Outline:

I. Pulmonary Emboli

A. Introduction

- i. Review respiratory anatomy
- ii. Discuss signs and symptoms of respiratory distress
- iii. Review auscultation and identification of lung sounds

B. Body

- i. Signs and Symptoms of Pulmonary Emboli
- ii. Correct treatment including oxygen delivery
- iii.

C. Note

- i.

D. Summary

Evaluation Components (written and/or practical) Written quiz

Supplemental Resources

Media Resources Powerpoint

Room(s) Setup Classroom style
