

February 6, 2008

Dear Colleagues,

Beginning February 16, 2008, Medical and Interventional Imaging Services for Marquette General Health System will be under the direction of Arthur J. Greene, M.D. of Excalibur Medical Imaging and Christopher Mehall, M.D., of Superior Imaging Services.

The services currently provided by the department of medical imaging and its sections, as you now know them will continue. Many new forms of imaging procedures are planned. Dr. Greene and Dr. Mehall welcome your comments regarding the department of medical imaging and your unique needs.

We are excited by the collaborative efforts between Excalibur Medical Imaging, LLC and Superior Imaging Specialists. The new services will meet the needs of the medical community and with time and your support, exceed your expectations. Our mission is the collaborative effort on the part of the entire medical community, for the goal of high quality patient healthcare.

If you would like to personally speak with Dr. Greene or Dr. Mehall, they can be reached directly through the Imaging Services Department, (906) 225-3540, or the hospital operator, 800-562-9753.

Again, all services that have been currently provided will continue as before.

Debra Morley, M.D., Ph.D.  
Chief of Staff, MGH

A. Gary Muller, FACHE  
CEO, MGH

David Graser  
CIO, MGH
