

Test Change

Test#	Order Code	Test Description
4614	OHD	VITAMIN D, 25-HYDROXY

This test has a new reference range effective immediately:

30-150 ng/mL

Also the following interpretive text has been removed from the report: "Test results for total 25-Hydroxy vitamin D may be lower than actual values due to potential under recovery of 25-Hydroxy vitamin D (D2)."
