

Marquette County EMS Medical Control Authority

 **MARCH – APRIL 2009**

WHAT'S BEEN GOING ON?

- Education
- Building relationships
- Cleaning up our spaces & working on a space
- Professional Standards Review Org
 - defining process
- Webpage
- EMS Week

Discovering...

- MGHS Trauma Department reports: 1/3 of trauma pts are hypothermic

- Scarce pt documentation or novels; varying skills

Doing...

- No Chillin' campaign

- Documentation education using MI laws/rules as basis, assisting in form & process creation, ImageTrend training

education

Discovering...

- Rarely practice using real people and scenarios, planning drills using incident actions plans
- Varying knowledge of Region resources

Doing...

- Started practicing with equipment, defining process and needs, meeting for large exercise, documenting all preparations
- Created slide presentation & presented at State EMS Expo

education

Discovering...

- Difficult to understand ED reports →
- Information from MGHS Neuroscience: + Cincinnati Stroke Scale relates to 72% probability of a CVA →

Doing...

- Praises & suggestions to ED and EMS personnel
- Letting EMS personnel know importance of scale & latest findings

education

Building relationships

- Agencies
 - Hospital Departments
-

Talents contained within each come to light during exercises and training with each other.

*Not only are we benefiting, but so are the patients we **share**.*

MGHS EMS / ED Garage
Bell Hospital EMS report writing

CLEANING AND FINDING A HOME

PSRO

- Defining process for sentinel events, unusual occurrences, education requests post incidents or preventatively
- Subcommittee formed to collect information
- Currently putting together drafts

EMS Week ~ May 17-22

Celebration & Awards ~ May 21, 5:30pm, Wahlstrom's
Awareness Announcements in hospitals

Governmental Proclamations

School Presentations

Poster Contests

Michigan EMS Information System

The ImageTrend EMS State Bridge is a comprehensive pre-hospital patient care data collection, analysis and reporting system. EMS State Bridge integrates information across the entire emergency medical community, whether in the ambulance, the local station, or regional or state offices. With the EMS State Bridge, ambulance services are able to satisfy reporting requirements easily, without major investment and without learning complex new technology. Working with the emergency community has kept the focus on simplifying and streamlining data collection, so that a wealth of data can quickly and easily be collected and made available for in-depth analysis at any level.

start | Calendar - Microsoft ... | Internet Explorer | Microsoft PowerPoint ... | Internet | 8:25 PM

THE NEXT COUPLE OF MONTHS

from your MCA Office

- June 15 exercise
- Dialogue with services on findings
- Infectious disease information and exposure guidance
- Monitoring of State Model Protocols
- Training through the Trauma Department?
- Helping you plan our future
- A vacation
