

**Urology**  
**SUR 611**

**Prerequisite: Fourth year medical students who have successfully completed their Junior Surgery clerkship.**

**Objectives:**

- Demonstrate and increased knowledge of preoperative evaluation, surgical management and postoperative care of urologic patients.
- Demonstrate improved skills in interviewing and examining patients with urologic disorders.

This elective is designed to introduce students to the clinical manifestations of genitourinary disease, and the methods and techniques of diagnosis and management of those conditions. Students will work in both inpatient and outpatient settings.
