

# Thank you!

The Women's & Children's Center at Marquette General Hospital would like to thank Kohl's for their generous gift from the Kohl's Cares for Kids® Program.

Through the sale of toys and books, Kohl's has raised thousands of dollars that will be used to purchase equipment and many other items that will enhance inpatient and outpatient care for Upper Peninsula children.

Customers who have purchased specially tagged items at Kohl's such as "Clifford the Big Red Dog" or books by Jamie Lee Curtis have helped to make this wonderful gift possible. We are deeply grateful to Kohl's and their customers for their generosity.
